# THRIVE TOGETHER

*I will meditate on Your majestic, glorious splendor and Your wonderful miracles. Your awe-inspiring deeds will be on every tongue; I will proclaim Your greatness. Everyone will share the story of Your wonderful goodness; they will sing with joy about Your righteousness (Psalm 145:5-7, NLT).*

One of the many privileges of working with the greater Alliance family to get them the best possible health benefits is seeing God's goodness displayed in the lives of His people. His faithfulness has been evident as we interact with you and the various ministries you support. As I've traveled throughout our districts these past two years, I've heard many stories of how God has used the Alliance Health Plan in times of need. Some of you have shared those stories with our staff or on our blog. I am so thankful that God is our Healer and Provider.

We are excited to once again offer Loyalty Rewards to say "thank you" to those organizations that have held continuous coverage with the Alliance Health Plan. In addition to these discounts, we are pleased to announce that the plan has continued to experience very low premium increases over the past three years compared to most other plans. We are working hard to make the plan both sustainable and price competitive and are committed to serving the Alliance family with excellence. We recognize that health-care costs are a large part of your budget, and we try to deliver as much value as we can for those dollars.

To that end, we are excited to work with our new health savings account (HSA) provider, Lively. Our partnership with Lively began in October, and we are pleased to deliver a modern, user-friendly HSA experience to our members.

If you are picking up this packet for the first time or are new to the Alliance Health Plan, "Welcome!" We are excited to serve you with a plan based on biblical values that align with our sanctity of life worldview, dollars that stay in the Alliance family to care for your fellow pastors and staff members, and coverage available to you regardless of your circumstances or preexisting health conditions.

Thank you for entrusting us with your health-care needs. We value that trust and don't take it lightly. If you have questions as you read through this summary guide, please don't hesitate to reach out to your Alliance Benefits team at (800) 700-2651. We are here to help you!

# ADVANTAGES OF THE ALLIANCE HEALTH PLAN

ALLIANCE  
MONTHLY  
PREMIUMS

ALLIANCE  
CLAIMS PAID

## HOW IT WORKS

The Alliance Health Plan is a self-funded, multi-employer church plan. This means that monthly premiums collected are used to pay for medical claims incurred by our participants. These premium dollars are used specifically for the Alliance family including those on our domestic and international plans.

### Monthly Premium Includes:

- Medical
- HSA Contribution
- Prescription
- Dental
- Vision
- Life Insurance
- Long-Term Disability

- Employer health savings account (HSA) contribution included in monthly premium
- Cost containment choices to keep premiums as low as possible
- Operates within a Cafeteria Plan allowing eligible pre-tax payroll deductions for employees (unlike individual plans in the market)
- Established group plan allows employers to legally make employee reimbursements
- Loyalty rewards for employers who have continuously participated in the Alliance Health Plan

## SERVING WITH

COMPASSION • INTEGRITY • RESPECT

# ABOUT THE ALLIANCE HEALTH PLAN

## HIGH-DEDUCTIBLE HEALTH PLAN

Alliance Benefits offers a high-deductible health plan (HDHP). Once the deductible has been met (including out-of-pocket medical and prescription costs), coinsurance begins where the plan pays a high percentage of the claim and the employee pays a smaller portion. The Alliance Health Plan also offers additional wellness benefits paid at 100 percent. They can be found on the **Preventive Schedule** and **Preventive Drug List**, located on the Alliance Benefits website—[www.alliancebenefits.org](http://www.alliancebenefits.org). The Alliance Health Plan offers two packages:

**The Alliance High-Deductible Premium Health Plan**—includes medical, HSA with employer contribution, prescription, dental, vision, life insurance, and long-term disability.

**The Alliance High-Deductible Standard Health Plan**—includes medical, HSA with employer contribution, prescription, and life insurance.

Those enrolled in the Alliance Health Plan will have an HSA serviced through Lively.

## HSA OVERVIEW

A health savings account (HSA) is a personal savings account for health expenses. HSAs are owned by you and can be transferred from job to job or institution to institution. They are yours for life!

HSAs allow for pre-tax contributions, tax-free interest, and tax-free withdrawals (for medical expenses). In 2020, individuals can contribute up to \$3,550 in tax-free savings, and families can contribute up to \$7,100. Plus, if you are 55 or older, you can contribute an additional \$1,000 to each level. These limits include both employer and employee contributions.

HSAs work with HSA-eligible health plans and are the only completely tax-free way to save for future health costs. You may use funds in your HSA to pay for such things as doctor visits, hospital costs, deductibles, coinsurance, and prescription drug expenses for you and any qualifying dependents. Your HSA may also be used to pay for most dental and vision expenses. For a complete list of qualified medical expenses, go to [www.livelyme.com/whats-eligible/](http://www.livelyme.com/whats-eligible/).

Please note that Medicare, Medicaid, and General-Purpose flexible spending accounts are common disqualifiers of HSA eligibility. Lively can answer all eligibility questions—and you can find more information at [www.bit.ly/lively-eligibility](http://www.bit.ly/lively-eligibility).

An HSA helps you save for health-care expenses tax free—today and well into retirement!

## HSA INVESTMENTS

Lively has integrated with TD Ameritrade's self-directed brokerage platform, giving you access to more than 550 commission-free electronic fund transfers and over 13,000 mutual funds, stocks, bonds, CDs, and more. Regardless of your investment strategy, you now have several options to build your ideal portfolio. Lively has designed a truly integrated experience, including the ability to access an investment account directly from within Lively using Single Sign-On, so there's no need for a separate login to access investments. All enrolled employees can invest the first dollar in their HSA account (no minimum required) if they choose, and there are no fees to access investments\*.

\*Transaction fees may apply. See Ameritrade's fee schedule at [www.bit.ly/ameritrade-fee-schedule](http://www.bit.ly/ameritrade-fee-schedule).

# WHAT'S NEW FOR 2020?

- After careful consideration and extensive research, we chose a new health savings account provider for the Alliance Health Plan. Effective October 1, 2019, The Christian and Missionary Alliance partnered with Lively to provide a modern, user-friendly HSA to our plan participants. Lively is known for great customer service and is one of the top-rated HSA providers in the marketplace—offering paperless account management, a mobile app, practical tools, live chat availability, an integrated investment platform, and more. We are excited about this new partnership with Lively and feel confident that our health-plan participants will be well-cared for.

Please refer to the 2020 rates on pages 8 and 9 of this guide for total monthly premium amounts.

# WHO MAY ENROLL?

## EMPLOYERS

The Alliance Health Plan is a multi-employer plan and may enroll any employer who is an Alliance-affiliated entity. This includes:

- Alliance district offices
- Alliance churches and church plants
- The National Office, Orchard Alliance

*\*Employers may be asked to provide the Articles of Incorporation stating affiliation at time of enrollment.*

For employers to be eligible, they must maintain enrollment of 100 percent of licensed official workers employed 30 hours or more a week. To determine the 100 percent eligibility, employers do not need to include:

- Licensed official workers covered by Medicare, Medicaid, Tricare, or VA (does not include health-care sharing ministries, government exchange programs, or state exchange programs)
- Licensed official workers covered by a spouse's employer plan
- Licensed official workers covered by another employer's plan or who work less than 30 hours a week
- Licensed official workers under the age of 26 covered by a parent's plan

After satisfying the above requirements, paid W-2 employees working 20+ hours may be eligible to enroll per employer approval.

## EMPLOYEES

If the employer meets the requirements listed above, other staff employees may also be eligible to enroll if:

- They are paid W-2 employees working 20 hours or more per week (assuming the employer requirements above have been met).

Your employer determines the breakdown of the monthly premium percentages paid. If eligible, please discuss this breakdown with your employer.

## FAMILY MEMBERS

If employees meet the requirements listed above, they are eligible to include the following family members at the time of enrollment:

- Spouse
  - Not divorced from you
  - Not legally separated from you
  - Not a domestic partner
- Dependent Children
  - Your biological children, adopted children (including child placed for adoption), stepchildren, and foster children
  - Under the age of 26

*For questions regarding a disability, please contact Alliance Benefits at (800) 700-2651.*

# ENROLLMENT DETAILS

## WHEN MAY I ENROLL?

- When eligible employers decide to participate in the health plan
- During annual open enrollment
- Within 30 days of hire date
- Within 30 days of employment status change (part-time to full-time, etc.)
- Within 30 days of involuntary loss of other coverage
- Within 60 days of the date on which you lost Medicaid or Children's Health Insurance Program coverage due to ineligibility

## WHEN MAY I ENROLL MY FAMILY?

- When you enroll
- During annual open enrollment
- Within 30 days of marriage (spouse and stepchildren only)
- Within 30 days of birth, adoption, or placement for adoption (new child only)
- Within 30 days of a dependent's loss of other coverage (affected dependent only)
- Within 60 days of the date on which a spouse or dependent child loses Medicaid or Children's Health Insurance Program coverage due to ineligibility (affected spouse or dependent children only)

Employees are enrolled in benefits on the first day of the month following their qualifying event.

Open enrollment is the only time a participant may change plan options from Premium to Standard.

## MEDICARE AND OTHER COVERAGE

When you have two insurance plans, specific rules apply for coordination of benefits between the plans. You must inform Alliance Benefits within 30 days before starting or ending any other coverage on any covered family member. This includes Medicare, Medicaid, a spouse's employer plan, or any other coverage.

**MEDICARE:** Becoming Medicare eligible may significantly change your coverage. Contacting Alliance Benefits at least three months prior to you or your spouse turning 65 will better prepare you for important decisions affecting your well-being.

If your local employer has fewer than 20 employees, Medicare will be the primary insurer paying medical and prescriptions claims.

## **ENDING COVERAGE**

### **EMPLOYEES**

Coverage for you and your dependents will end on the last day of the month. Some reasons for losing eligibility are:

- You choose to discontinue participation in the health plan (may not violate employer participation rules referred to on page 5)
- Your employment with the sponsoring church ends
- Your work hours drop below 20 hours per week
- You take a leave of absence from employment
- Your employer has failed to make premium payments

Your employer may cancel your enrollment by completing the End of Coverage Form and sending it to Alliance Benefits by email, fax, postal mail, or electronically. If an employer or employee chooses to end participation in the Alliance Health Plan, he or she will be eligible to participate again only by completing a waiting period of 12 months. If end of coverage notification is received late, Alliance Benefits will refund only one month's premium.

### **SPOUSES AND DEPENDENTS**

Coverage for your dependents will end on the last day of the month in which they are no longer eligible for coverage. Some reasons for losing eligibility are:

- Your eligibility ends
- Divorce or legal separation
- Your child reaches the age of 26

### **COVERAGE EXTENSION**

As a church plan, the Alliance Health Plan is not governed by ERISA laws and therefore does not provide COBRA coverage. We offer coverage extension, which is not the same as COBRA. If your employment ends and you are not eligible to enroll in another health plan, you may be offered the option to continue your coverage for a maximum of 12 months.

Coverage extension premiums are paid by the employee.

### **CHURCH TRANSFER/DEDUCTIBLE CARRYOVER**

If you are transferring to another church participating in the Alliance Health Plan or enrolling in coverage extension, your deductible will not start over in that calendar year as long as there is no gap in coverage.

*\*The Delta Dental® allowable amount for out-of-network providers is based on a portion of the PPO Schedule of Allowance. You may have additional out-of-pocket costs by using a non-participating dentist. This is a brief outline of coverage and does not list services that are limited or excluded.*

You may enjoy discounts by using either a Delta Dental® PPO or a Delta Dental® Premier provider. You will save the most by using a Delta Dental® PPO provider, since the Premier provider discounts are not as great. If you choose an out-of-network provider, you will be billed the total amount the provider charges beyond what Delta Dental® pays.

If you are checking on expensive services, it's always best to call in advance to determine what is covered. Your Delta Dental® dentists are generally very good about helping with this, but you may also call Delta Dental® directly at (800) 610-0201. While your dentist may recommend certain services or items, there can be exclusions (non-covered services or items).

## EVIDENCE OF INSURABILITY

If you apply for voluntary life insurance outside of certain qualifying events (such as marriage or a birth), coverage is subject to approval based on evidence of insurability per medical testing. Therefore, it is advantageous to enroll when first joining the plan.

**Important:** Basic life, AD&D, and voluntary life coverage concludes when active employment ends. Conversion may be available for purchase if notified within 30 days of ending active employment.

## RETIREE LIFE INSURANCE

Alliance Benefits offers \$7,500 of retiree life insurance to participants who retire at age 65 or older with 20 or more years of U.S. Alliance service. Please contact Alliance Benefits for more details at (800) 700-2651.

## LONG-TERM DISABILITY COVERAGE

The Alliance Premium Health Plan includes a safety net in the event you are unable to work due to a serious illness or injury. If you become disabled, subject to approval, this benefit will pay 60 percent of your salary up to \$6,000 per month (including ministerial housing allowance if applicable). If approved, you must first satisfy a 90-day waiting period. Refer to Colonial Life® supplemental products for coverage options during this 90-day waiting period. Generally, this benefit is paid until age 65 if you continue to qualify. If you become disabled after age 62, the following schedule of benefits applies:

AGE	MAXIMUM BENEFIT PERIOD
62 or under	Until age 65 or 42 months if longer
63	36 months
64	30 months
65	24 months
66	21 months
67	18 months
68	15 months
69	12 months

# TELEMEDICINE COVERAGE

Telemedicine is proving to be a cost-saving solution for health-care needs. With costs rising at twice the rate of inflation, faster access to care is an effective alternative to doctor, urgent care, or emergency room visits. Statistics show that 40 percent of emergency room visits are unnecessary and up to 85 percent of pediatric visits could be conducted via phone or video chat.

We would like to introduce you to First Stop Health<sup>SM</sup>. This service provides 24/7 access to U.S.-based physicians and can help you save health-care dollars. First Stop Health<sup>SM</sup> believes access to health-care should be convenient, affordable, and transparent.
